Dear Brainiacs,

In the past two weeks we have gone over lots of geographical concepts. Today you will have the opportunity to review the concepts that you feel that you need the most practice with! That's right, YOU CHOOSE! Your options are:

1. The "Man"-Hunt at Moose Gulch

Description: The Town of Moose Gulch, Alaska was founded when prospectors had great luck finding gold in the nearby hills. Moose Gulch prospered until disaster hit. The feared bank robber, Bessie James, spoiled the good fortune by robbing the First Nugget Bank then disappearing with all the gold

Skill(s): Map Symbols and Legend; Compare Locations (Relative Location)

2. Diving for Treasure at the Bottom

Description: For a thousand years, ships were caught in perilous storms and other dangers along the ancient European shipping routes. Many shipwrecks lie beneath the waters of the Mediterranean Sea. Use the map to locate the shipwrecks and to add a few not already shown!

Skill(s): Grid Locations; Historical Map

3. The Rush to Crack the Internet Spy Network

Description: A sinister group of computer hackers have set up a world wide internet spy network to steal classified information. You, the Master Hacker-Cracker, have been asked to stop these villains! You've already discovered their Headquarters in Abuja, Nigeria. Now you have to locate every city where they have an operating center and break its connection.

Skill(s): Latitude & Longitude; World Cities

You will choose TWO of these assignments. One to be completed in class and the second to be completed for homework. Below write the title of the Assignment you plan to complete.
